### DETAILED ACTION

1. This action is responsive to the amendment filed on 02/16/2007.
2. Claims 1, 6-8, 13-20, 25, 29 and 34 have been amended.
3. Claims 27-28 have been cancelled.
4. Claims 1-26 and 29-38 are pending and being allowed.

### EXAMINER'S AMENDMENT

5. An examiner's amendment to the record appear below. Should the change and/or additions be unacceptable to the Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such amendment, it MUST be submitted no later than the payment of issue fee.

Authorization for examiner's amendment was given in a telephone interview with Mr. Mohammad S. Rahaman Registration No. 43,029 on March 30, 2006, to obviate any potential 35 USC 101 issues and put the claims in condition for allowance. The support description has noted at page 5, lines 30-33, Fig. 4 and at page 14, lines 1-12. The application has been amended as follows:

#### IN THE CLAIMS:

Claim 20 are amended as follows:

#### Claim 20 (Currently amended)

At line 1, after "compiler" insert system

At line 1, after "comprising:" insert new line and plural parallel processor nodes,

At line 4, after "form" insert ,wherein said intermediate form processor loads and stores data from run-time libraries from any said processor node

At line 5, after "front end" delete [processor] and insert module.

--End--

*Allowable Subject Matter*

6. The following is an examiner's statement of reasons for allowance:

As applicant pointed out under Remark section, pages 18-22, Odani (US Patent 6,760,906 B1) does not disclose at least the following steps:

“ translating said UPC source code into a first intermediate form ... translating said combined code into a second intermediate form, wherein any reference to said UPC-unique constructs are replaced by a references to corresponding proxy components in associated program text, and surviving UPC-unique constructs are discarded...” and/or in as such a manner as recited in independent claims 1, 8, 13, 20, 29 and 34.

Prior arts of record do not teach and/or fairly suggest these claimed limitations, thus, all remaining pending claims 1-26 and 29-38 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

*Conclusion*
